Strategic Report

Group
Halogen Holdings P.L.C. ("Halogen" or "the Company") is an investment holding company with a substantial stake in Heartstone Inns Limited ("Heartstone"). Halogen's operating costs, incurred to ensure regulatory compliance, are kept to a minimal level.

The Board meets regularly and retain full and effective control of the company throughout the current and preceding year.

Heartstone
The relaxation of EIS rules has allowed Heartstone to merge with its sister company Heartstone Inns 2 Limited, reducing the complexity associated with having two similar companies sharing an administrative structure, and eliminating potential conflicts of interest. Heartstone Inns 2 Limited was originally formed to spread the overhead burden of managing the Heartstone group over additional pubs, financed by funds provided by investors taking advantage of EIS tax breaks. The two companies have now been merged on a nil premium basis based on an independent external valuation of their assets. Mr E. J. Beale and Mr L. H. Marshall have been appointed to the board of the combined group and we will continue to account for this investment as an associate. Set out below is an extract from the Hearstone Group accounts issued on 15th May 2014 reporting on the combined businesses for their year ended 31st December 2013:

Principal activities, trading review and future developments
The principal activity of the group continues to be the management of good quality freehold managed public houses located in the South and South West of England. The group started and ended the year with nine public houses having added a tenth, the Blathwayt Arms near Bath in June before disposing of the Boatman in Guildford in November.

2013 was a year of significant progress for the group and has created a sound platform to enable the group to raise additional capital to continue the development of the current estate and to make further acquisition. Operationally, the group performed well. Turnover improved by £589,349 to £6,429,914, an increase of 10% on last year. Gross profit improved by £254,538 to £2,015,014, an increase of 14% on last year and representing 31% of turnover compared to 30% last year. Operating profit before depreciation, amortisation and exceptional items improved by £158,076 to £442,669, an increase of 56% on last year and representing 7% of turnover compared to 5% last year.

The group acquired the Blathwayt Arms near Bath on 28 June 2013 which was subsequently refurbished and relaunched in September 2013. The Boatman in Guildford was sold on 15 November 2013. The sale represented a highly successful exit for the group, generating a gain on sale of £356,177, and the proceeds of which were used to repay the term loan from Coutts & Co leaving HSBC as the group's sole banker going forward. Net debt at 31 December was £2,652,608 (2012: £4,360,814) representing a loan to value ratio of 20% based upon a third party professional valuation of the group's property portfolio of £13,500,000 as at 31 December 2013.

The directors believe that the quality, trading style and location of the group's public houses puts the group in a strong position to meet the challenges of the current market, the local competition, the ongoing impact of legislative changes and the continued pressure on direct costs and overheads.

During the year, Heartstone issued 1,390,502 ordinary shares of £1.00 under EIS at prices ranging between £1.075 and £1.10. Subsequent to the year end, the group has issued a further 1,889,690 ordinary shares of £1.00 at £1.15 raising a further £2,173,143.

Based on the share issue price of £1.15 in the latest EIS fundraising by Heartstone, our holding of 3,088,691 shares in Heartstone has a value of £3,552,000, an excess of £1,061,000 over its carrying value of £2,491,000 Further information about Heartstone is available from their website: www.heartstoneinns.co.uk.

Shareholdings

Holders of 208,863 Halogen shares remain untraced following the re-organisation of the Group in 2009. Under the terms of the re-organisation Halogen can sell these shares after 22nd December 2014 and retain the proceeds for use by the Company. Anyone who thinks that they may be interested in buying some of these shares is requested to give their contact details to the Company Secretary and they will be contacted once the Company is in a position to sell these shares.

Principal Business Risks and Uncertainties

Heartstone is exposed to the uncertainties of reduced leisure spending and the threat of further adverse government legislation on the leisure industry.

Financial Instruments

The Company finances its operations through a mixture of share capital, share premium, preference shares and reserves. The principal financial instrument of the Company is cash and the Company had no bank borrowings at 31st March 2014. The Company has cumulative preference shares in issue at a floating rate of interest.

The carrying amounts of the accounts receivable and liabilities reported in the Statement of Financial Position approximate their fair values at the year-end.

The only risks arising from the Company's financial instruments are interest rate and, from monies held by regulated financial institutions, limited credit risk. The Board minimises interest rate risk by financing operations as described above and by keeping any borrowings at floating rates. The Company's policy is that any borrowings should be flexible and available over the medium term. The Company is not exposed to market risk.

Going Concern

The Company does not have sufficient cash to pay all of its liabilities at the balance sheet date, let alone operating expenses for the coming year. The Company's directors, company secretary, and principal shareholder have agreed not to request payment of amounts due to them until after the shares belonging to the untraced shareholders have been sold. These accounts are therefore prepared on a going concern basis.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable International Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

All the current Directors have taken all the steps that they ought to have taken to make themselves aware of any information needed by the Company’s auditors for the purposes of their audit and to establish that the auditors are aware of this information. The Directors are not aware of any audit information of which the auditors should be made aware.

Auditors
In accordance with Section 489 of the Companies Act 2006 a resolution is to be proposed at the forthcoming Annual General Meeting for the re-appointment of SRG LLP as auditors to the Company.

Purchases and Sales of the Company's Shares
The Company's Secretaries, City Group P.L.C. maintain a register of the contact details of persons interested in purchasing or selling shares in the Company. At the date of this report they are aware of shareholders wishing to dispose of a total of 6,221 shares. Anyone interested in buying shares in the Company and shareholders wishing to sell shares in the company should contact City Group who will put them in touch with potential counterparties.

Report of the Independent Auditors

To the members of Halogen Holdings P.L.C.

We have audited the financial statements of Halogen Holdings P.L.C. for the year ended 31st March 2014, which comprise the comprehensive income statement, statement of changes in shareholders' equity, statement of financial position, statement of cashflows and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and Auditor
As described on page 5, the Company's directors are responsible for preparing the financial statements in accordance with applicable law and International Financial Reporting Standards (IFRS) as adopted by the European Union (EU).

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (U.K. and Ireland). Those Standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the Audit
An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the directors report and strategic report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on Financial Statements
In our opinion the financial statements:

- give a true and fair view, in accordance with IFRS's as adopted by the EU, of the state of the Company's affairs at 31st March 2014 and of the loss for the year then ended;
- have been prepared in accordance with the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006
In our opinion the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception
We have nothing to report in respect of the following:

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption in preparing the directors' report or strategic report.

1. ACCOUNTING POLICIES

These financial statements have been prepared under the Historical Cost basis, in accordance with International Financial Reporting Standards ("IFRS") and the interpretations of the International Financial Reporting Interpretations Committee (IFRIC), issued by the International Accounting Standards Board (IASB) and adopted by the EU. The principal accounting policies, which are set out below, have been applied consistently and comply with IFRS, as adopted in the EU, in all respects.

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The most significant estimates related to unquoted investments, which, due to uncertainty, were valued at cost less impairment provisions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision in future periods if applicable. The most significant techniques for estimation are described in the accounting policies below. These policies have been applied consistently to all of the years presented, unless otherwise stated.

At the date of authorisation of these financial statements the IASB and the IFRIC have issued new standards and interpretations and amended or revised standards, to be applied to financial statements with periods commencing either on or after 1st April 2014, as set out in note 14. The Company has not opted for early adoption for those which have been endorsed by the EU and the Directors do not expect that the adoption of these, where applicable, would have a material impact on the Company's financial statements in the period of initial application.

(i) These financial statements include the Company share of the undistributed profit/losses of its associated companies ("equity accounting"). Results of associates are included from their effective date of acquisition to their effective dates of disposal.

(ii) All borrowing costs are recognised in the income statement in the year in which they are incurred.

(iii) Financial assets are classified by category, depending on the purpose for which the asset was acquired. The Company's accounting policy is as follows:

a) Investments in associated companies. An investment is equity accounted when it meets the definition of an associate under IAS 28, i.e. that the investor has a significant influence.

b) Trade and other receivables. The carrying amounts approximate to their fair values, the transactions giving rise to these balances arising in the normal course of trade and standard industry terms.

(iv) The carrying amounts of the Company's assets are reviewed at each reporting date to determine whether there in any indication of impairment. If there is any indication that an asset may be impaired, its recoverable amount is estimated and any impairment loss recognised immediately. The recoverable amount is the higher of its net selling price and its value in use.

(v) The charge for taxation is based on the taxable profit for the year. Taxable profit differs from net profit, as reported in the income statement, because it excludes items of income and expense that are never taxable or deductible and items which are taxable or deductible in other years.

Deferred taxation is provided on the full liability method, at tax rates that are expected to apply, for timing differences arising between the treatment of certain items for taxation and accounting purposes. Deferred tax assets are recognised only to the extent that the Directors consider that it is more likely than not that there will be suitable taxable profits from which the underlying timing differences can be deducted. Taxation charges or recoveries are recognised in the income statement, or directly to equity when related to items recognised directly to equity.

1. ACCOUNTING POLICIES (continued)

(vi) An associated company is one in which the Company's interest is substantial and which the Company does not have control but over which it is able to exercise significant influence, having due regard to the disposition of the other shareholdings.

The Statement of Comprehensive Income includes the Company's share of the results of the associate (equity accounting). The carrying value of the associate in the Statement of Financial Position is cost plus share of undistributed reserves.

After application of the equity method, the Company applies IAS39 Financial instruments: Recognition and Measurement to determine whether it is necessary to recognise any additional impairment loss in respect to its net investment.

(vii) Interest and dividends are recognised when the right to receive payment has been established.

(viii) All exchange gains and losses on settlement of foreign currency transactions or the translation of monetary assets and liabilities at the reporting date are included in the income statement.

(ix) For the purposes of the Statement of Cash Flow, cash and cash equivalents comprise cash in hand and deposits held with banks.

2. PROFIT/(LOSS) PER SHARE

	2014	2013
Profit/(Loss) per share is based on the result of ordinary activities after taxation of £14,000 (2013 - loss - £224,000) and on 2,512,154 (2013 - 2,512,154) shares being the weighted average of number of shares in issue during the year.	**1p**	(9)p

3. COMPREHENSIVE INCOME
